

**Fourth BHMS (2015) Examination, Winter
(Phase - III All Other remaining UG/PG Course) - 2019**

PRACTICE OF MEDICINE - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

- I. Write short answer (any ten out of fifteen):** **[10 × 2 = 20]**
- a) Define Bronchitis and mention any two Homoeopathic remedies for it.
 - b) Write four causes of Pleural effusion.
 - c) Define dysphagia and mention two homoeopathic remedies for it.
 - d) Define Peritonitis and mention two homoeopathic remedies for the same.
 - e) Write four common causes of Acute Gastritis.
 - f) Define Haemetemesis and mention two homoeopathic remedies for same.
 - g) Define Jaundice and mention two Homoeopathic remedies for the same.
 - h) Define Portal hypertension and mention two homoeopathic remedies for the same.
 - i) Define cholelithiasis and mention two Homoeopathic remedies for it.
 - j) Define Ataxia-Telangiectasia.
 - k) Write four clinical features of Hepatitis B.
 - l) Write four complications of Acute pancreatitis.
 - m) Write four clinical features of Heat Stroke.
 - n) Write four clinical features of Organophosphorus Poisoning.
 - o) Define Hypothermia and its two clinical features.

2. Write short answer (**any four** out of six) : [4 × 5 = 20]
- Frost Bite.
 - Arsenic Poisoning.
 - Indications of Merc Sol in Stomatitis.
 - Indications of Abrotanum in Malabsorption Syndrome.
 - Wilson's Disease.
 - Empyema.
3. Write short answer (**any four** out of six): [4 × 5 = 20]
- Chelidonium in Hepatitis A
 - Indications of Nux vomica in Dyspepsia.
 - Indications of Phosphorus in Diarrhoea.
 - Indications of Nitric Acid in Genital warts.
 - Indications of Antimani Tart in Bronchial Asthma.
 - Indications of Belladonna in Acute Appendicitis.
4. Long answer question (**any two** out of four): [2 × 10 = 20]
- Explain Lung Abscess in detail and give indications of Hepar Sulp and Silicea for the same.
 - Explain Cholecystitis in detail and give indications of Chelidonium and Cinchona officinalis for the same.
 - Explain in detail Peptic-ulcers and give indications of Argentum Nitricum and Kali Bichromel for the same.
 - Explain AIDS in detail and give indications of Arsenic Alb and Gelsemium for the same.
- Long answer question (any one from Q. No. 5, 6 and 7)**
5. Explain Pulmonary Tuberculosis in detail and elaborate Scope and limitations of Homoeopathy with Miasmatic understanding for the same. [1 × 20 = 20]
6. Explain in detail Pancreatitis with scope and limitations of Homoeopathy and its Auxiliary and ancillary mode of treatment. [1 × 20 = 20]
7. Explain in detail Tuberculous Peritonitis with Scope and limitations of Homoeopathy and its chronic Prescribing. [1 × 20 = 20]

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen): [10 × 2 = 20]
- a) Mention 4 common causes of thyrotoxicosis.
 - b) Mention types of Anaemia.
 - c) Define Wilson's Disease.
 - d) Mention 4 factors predisposing to Staphylococcal infection.
 - e) Define Chronic kidney disease.
 - f) Write 4 clinical features of Acute rheumatic fever.
 - g) Mention 4 causes of Protein-energy malnutrition.
 - h) Write 4 investigations for Dementia.
 - i) Mention 4 symptoms of Anxiety disorder.
 - j) Mention 4 clinical features of osteoarthritis.
 - k) Migraine - Natrum mur.
 - l) Typhoid fever - Baptisia tinctoria.
 - m) Mental retardation - Baryta carbonica.
 - n) Epilepsy - Cuprum metallicum.
 - o) Eczema - Graphites.

2. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Urinary tract infection
- b) Food allergy
- c) Bulimia - Veratrum album
- d) Scabies
- e) Iron deficiency anemia - Ferrum metallicum
- f) Angina pectoris - Cactus grandiflorus

3. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Dengue - Clinical features and investigations.
- b) Renal calculi - Lycopodium clavum and Sarsaparilla officinalis.
- c) Seborrhoeic dermatitis
- d) Investigations for Amyloidosis
- e) Vitamin A deficiency
- f) Thrombocytopaenia- causes and clinical features.

4. Long answer question (**any two** out of four):

[2 × 10 = 20]

- a) Describe STD in detail and Homoeopathic indication of THUJA and MERC SOL for the same.
- b) Describe acute renal failure and write indication of Apis in detail.
- c) Describe Anxiety disorder with its therapeutics of Arsenicum album.
- d) Describe ischemic heart disease and indication of Cactus Grandi in detail.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Describe Parkinson's disease under following heads: Pathogenesis, Clinical features, Differential diagnosis scope and limitation and chronic prescribing.

[1 × 20 = 20]

6. Describe infective endocarditis with its etiology, clinical features, investigations. Scope and limitation and Miasmatic understanding.

[1 × 20 = 20]

7. Describe types of anemia in detail with its aetiology, clinical features, investigations and Acute prescribing and Chronic prescribing. [1 × 20 = 20]

1. Write short answer (**any ten** out of fifteen): **[10 × 2 = 20]**
- a) Write names of 2 remedies for "Time passes too slowly".
 - b) Describe Natrum Sulph - Tongue.
 - c) Write 4 thirst less remedies.
 - d) Write diarrhea of Argenticum Nitricum.
 - e) Write Time Modality of Lycopodium and Colocynthes.
 - f) Write 'family' and common name of Arnica Montana.
 - g) Name 2 methods to study 'Homoeopathic materia medica'.
 - h) Name 4 remedies of Schuessler's 12 tissue remedies.
 - i) Write 4 remedies from 'Solanaceae' family.
 - j) Write the names of Homoeopathic remedies prepared from snake venoms of
 - i) Cobra
 - ii) Rattle snake
 - k) Describe Nux Moschata tongue.
 - l) Write 2 modalities of Rhus tox.
 - m) Write 4 remedies from Carbon group.
 - n) Write throat complaints of Allium Cepa.
 - o) Write 2 general modalities of Ferrum Met.

2. Write short answer (**any four** out of six) : [4 × 5 = 20]
- Write Pulsatilla mental symptoms.
 - Describe Baryata Carb. – Baby
 - Describe headache of Gelsemium with modalities
 - Describe mental symptoms of Aurum Met.
 - Describe Hypericum Per. In injury
 - Write Physical General symptoms of Acetic Acid.
3. Write short answer (**any four** out of six): [4 × 5 = 20]
- Describe constipation of Opium.
 - Describe Kalmia in Rheumatism.
 - Describe Agnus Cast. Male complaints.
 - Explain Digitalis in dropsy.
 - Describe gastro-intestinal symptoms of Carbo Veg.
 - Describe respiratory complaints of Antim. Tart.
4. Long answer question (**any two** out of four): [2 × 10 = 20]
- Compare and contrast Gastro- intestinal symptoms of Nux. Vomica and Arsenic. Album.
 - Compare and contrast Female complaints of Sepia and Platinum met.
 - Write in detail guiding symptoms of Antim. Crud.
 - Compare and contrast Thuja and Acid Nitricum - Skin Complaints.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Describe drug picture of Phosphorus in detail. [1 × 20 = 20]
6. Define 'Homoeopathic materia medica'. Describe different ways of Study of Homoeopathic Materia Medica. [1 × 20 = 20]
7. Write in detail drug picture of Tabacum. [1 × 20 = 20]

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) Write Menses of Trillium Pendulum.
 - b) Write characteristic Vomiting of Valeriana officinalis.
 - c) Write character of expectoration of stannum metallicum.
 - d) Write Rheumatism of Caulophyllum.
 - e) Write Abdominal Colic of Rheum Baby.
 - f) Write perspiration of Sambucus Nigra.
 - g) Write Haemorrhage of Crocus Sativus.
 - h) Write characteristic tongue of Veratrum Viride.
 - i) Write characteristic pain of Ranunculus bulbosus.
 - j) Write menses of Lilium tig.
 - k) Write two keynotes of Psorinum in Asthma.
 - l) Write Backache of Aesculus hip.
 - m) Write modalities of Causticum.
 - n) Write vomiting of Lobelia inflata.
 - o) Write diarrhoea of Rumex Crispus.

2. Write short answer (**any four** out of six) :

- a) Physostigma - Eyes Symptoms.
- b) Onosmodium - Head Symptoms.
- c) Cocculus indicus - Physical generals.
- d) Crocus Sativus - Physical generals.
- e) Lilium tig - Mental Symptoms.
- f) Rhododendron - Rheumatism.

3. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Rauwolfia Serp - Hypertension.
- b) Magnesia Carb - Physical generals.
- c) Cedron - Fever.
- d) Hydrocotyle - Skin Symptoms.
- e) Kalmia latifolia - Rheumatism.
- f) Capsicum - Physical generals.

4. Long answer question (**any two** out of four):

[2 × 10 = 20]

- a) Compare and contrast Abrotanum and Sanicula in Baby.
- b) Compare and contrast Blatta Orientalis and Sambucus nigra in Respiratory affection.
- c) Describe Sabina female in detail.
- d) Describe Head symptoms and Heart symptoms of Spigelia.

Long answer question (**any one** from Q. No. 5, 6 and 7)

5. Write drug picture of Medorrhinum.

[1 × 20 = 20]

6. Write drug picture of Zincum Metallicum.

[1 × 20 = 20]

7. Write drug picture of Glonoine.

[1 × 20 = 20]

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Mission of physician
- b) Aude Sapere
- c) Comprehensible Principles
- d) Causa occasionalis
- e) Double complex disease
- f) What happens when two similar disease meet in nature
- g) Sequential method of drug proving
- h) Intercurrent Remedy
- i) Herings Law of Direction of Cure
- j) Value of characteristic Symptoms
- k) High Susceptibility
- l) Paucity of symptoms
- m) Idiosyncrasy
- n) Mother Miasm
- o) Local diseases

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- Knowledge of Physician.
- Unprejudiced observer.
- Suspended animation.
- Primary and secondary actions.
- Types of acute diseases.
- Homoeopathic method of drug proving.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- Prognostic value of Homoeopathic aggravation.
- Accessory symptoms while treating one sided diseases.
- Intermittent fever and their types.
- Fifty millisimal scale.
- Route of administration of drugs.
- Mesmerism, Massage, baths.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- Explain: Indisposition with examples.
- Note on local application.
- Classify and write in detail about mental diseases with general management of it.
- Comment: Only single simple substance should be administered at one time.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Explain: Law of dissimilars with precise examples, what happens when two dissimilar natural diseases meet together in one person. [1 × 20 = 20]

1. Write short answer (**any ten** out of fifteen):

[10 × 2 = 20]

- a) 4 Objectives of case taking
- b) Repertorial result
- c) Define Case taking
- d) Complete symptom
- e) Keynote symptom
- f) Definition of Repertory
- g) 2 Uses and 2 limitations of repertory
- h) Need for repertory
- i) Evaluation of symptoms
- j) Cross repertorization
- k) Adaptability of TPB
- l) Arrangement of rubrics in Kent repertory
- m) Pathological general
- n) 2 scopes and 2 limitation of Clinical repertories
- o) What is Rubric?

2. Write short answer (any four out of six) : [4 × 5 = 20]
- Explain Concept of Totality of BBCR
 - Synthetic repertory
 - The Prescriber
 - Explain rubrics Air castle and Theorizing with 2 drugs each
 - Explain rubrics Disgust and Loathing with 2 drugs each
 - What is the difference between rubrics Boldness and Courageous with 2 drugs each

3. Write short answer (any four out of six): [4 × 5 = 20]
- Case taking in Unconscious patient
 - Anamnesis and Catamnesis
 - Qualities of a Physician
 - Phatak repertory
 - Compare RADAR and HOMPATH
 - Borland's Pneumonia

4. Long answer question (any two out of four): [2 × 10 = 20]
- Methods of Repertorization
 - Relationship between Repertory, Organon and HMM
 - Advantages and Limitation of repertories
 - Steps of repertorization

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write TPB in details. [1 × 20 = 20]
6. Compare Kent and BBCR repertories under following headings. [1 × 20 = 20]
- Philosophical background
 - Concept of totality
 - Arrangement of rubrics
 - Special features
 - Criticism

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]
- a) Define Pellagra.
 - b) Two indications of Benzoic acid in Gout.
 - c) Define Megaloblastic Anemia.
 - d) Two indications of Syzygium in diabetes.
 - e) Define Diabetes insipidus.
 - f) Two causes of Oliguria.
 - g) Define Cardiomyopathy.
 - h) Two indications of Cuprum metallicum in Seizures.
 - i) Two indications of Gelsemium in neurological conditions.

- j) Four Causes of chest pain.
- k) Four Causes of back pain.
- l) Two indications of Bellis per in Spondylitis.
- m) Causative organism of Herpes zoster.
- n) Causative organism and incubation period of AIDS.
- o) Two indications of Rhus tox in dermatitis.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Parkinsons disease.
- b) Heart failure.
- c) Systemic Lupus Erythematosus.
- d) Psoriasis.
- e) Mental status examination.
- f) National Immunisation Programme.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Indications of Iodum in Hyperthyroidism.
- b) Indications of Apis Mel. in Renal failure.
- c) Indications of Mezerium in Chickenpox.
- d) Indications of Graphitis in Eczema.
- e) Indications of Aconite Nap. in Anxiety.
- f) Indications of Aurum Metallicum in Depression.

4. Long answer question (any two out of four) :

- a) Write in detail about Urinary Tract Infection and its Homoeopathic management.
- b) Write in detail about Anaemia types and homoeopathic management of same.
- c) Write in detail about Snake bite and Homoeopathic management of the same.
- d) Write in detail about Gonorrhea and Homoeopathic management of the same.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Write in detail about Epilepsy and write its acute and chronic prescribing with auxillary and ancillary mode of treatment. [1 × 20 = 20]
6. Write in detail about Myocardial Infarction and discuss its homoeopathic scope and limitations and miasmatic understanding. [1 × 20 = 20]
7. Write in detail about Obesity with scope and limitations of homoeopathy and acute and chronic prescribing. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
HOMOEOPATHIC MATERIA MEDICA - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Write the symptoms of vomiting of Aethusa Cynapeum.
- b) Write the modalities of Drossera.
- c) Write two Biochemic indications of Calcarea phosphorica.
- d) Write two keynote symptoms of Aconitum Napellus.
- e) Write the characteristic symptoms of Haemorrhoids of Aloe.
- f) Write two keynote symptoms of Kali sulphuricum.
- g) Write two characteristic modalities of Ledum palustre.
- h) Write the common name and family of Hyoscyamus Niger.
- i) Write the characteristics of Urine of Benzoic Acid.

- j) Write two Guiding Indications of Sulphuric Acid.
- k) Write two keynotes of *Caladium seguinum*.
- l) Write two keynotes symptoms of *Agnus castus*.
- m) Write the common name and family of *Croton tig.*
- n) Write the two keynotes modalities of *Kali Carb.*
- o) Write the Characteristics of Pain of *opium*.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe the Mind symptoms of *Chamomilla*.
- b) Describe the different types of Homoeopathic Materia Medica.
- c) Describe the Modalities of *Bryonia*.
- d) Describe the Biochemic indications of *Calcarea fluorica*.
- e) Describe the indications of *Antim. Tart* in Respiratory tract affections.
- f) Describe indications of *Ruta* in Rheumatic Affections.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe the skin symptoms of *Kali Brom.*
- b) Describe the guiding indications of *Alumina*.
- c) Describe indications of *Baryta carb* in Tonsillitis.
- d) Describe the Modalities of *Natrum Carb.*
- e) Describe the Physical generals of *Sepia*.
- f) Describe the Gastrointestinal complaints of *Veratrum Album*.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) Compare and contrast Acetic acid and Apocyanum cannabinum in Dropsy.
 - b) Compare and Contrast indications of Pulsatilla and Cyclamen in female complaints.
 - c) Compare and contrast indications of Hepar Sulph and Stramonium in fever.
 - d) Compare and contrast Silicea and Petroleum in skin complaints.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define Homoeopathic Materia Medica and describe various sources of it. [1 × 20 = 20]
6. Describe in detail the drug picture of Calcarea Carb. [1 × 20 = 20]
7. Describe the group characteristic of Ophidia and discuss in detail the drug picture of Lachesis. [1 × 20 = 20]

**Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
HOMOEOPATHIC MATERIA MEDICA - II**

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Write any four Sources of HMM.
- b) Write Common Name of Ficus Religiosa.
- c) Write Nashs trios of "pain" remedies.
- d) Write Sphere of action of Carica Papaya.
- e) Ailements from in Vinca Minor.
- f) Mention name of two remedies having convulsions with conciousness.
- g) Write Nash Trios of Burning remedies.
- h) Write Characteristics of Tongue of Sanicula.
- i) Define Nosodes. Give two examples.

- j) Ailements from of Zincum metallicum.
- k) Write modalities of Lyssinum.
- l) Mention name of two remedies having "Strawberry tongue".
- m) Write Two keynote symptoms of Abrotanum.
- n) Write source of remedy "Lac Can".
- o) Who invented Biochemic system of medicine?

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Write GIT complaints of Abies Nigra.
- b) Headache of Glonine.
- c) Respiratory complaints of Acalypha Indica.
- d) Urinary complaints of Clematis Erecta.
- e) Female complaints of Crocus Sativa.
- f) Purperial sepsis - Pyrogenin.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Physical General Symtoms of Condurango.
- b) Respiratory complaints of Sticta Pulmonalia.
- c) Cratageus - Heart Complaints.
- d) Janosia Asoka - Female Complaints.
- e) Utrica urens - Skin Complaints.
- f) Ustilago Maydis - Haemorrhages.

4. Long answer question (**any two** out of four) : [2 × 10 = 20]
- a) Compare Female disorder of Helonias Dioica and Lilium Tig.
 - b) Compare and Contrast Mephites and Lobelia - Respiratory Complaints.
 - c) Compare and Contrast Mezerium and Hydrocotyle - Skin.
 - d) Compare and Contrast Ratanhia and Collinsonia - Rectal Complaints.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define HMM. Describe in detail scope and limitations of HMM. [1 × 20 = 20]
6. Describe in detail group indication of Baryta group. Add a note on Baryta Mur-Heart Complaints. [1 × 20 = 20]
7. Describe drug picture of Carcinosinum. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) State §1.
- b) State the founder & principle of Isopathy.
- c) Mention four properties of Ideal Cure.
- d) State the types of acute miasms.
- e) Define exciting cause and give an example of the same.
- f) Define primary & secondary action.
- g) What do you understand by dynamis?
- h) What is prima causa morbi?
- i) What are surrogates?

- j) Define medicine.
- k) State the classification of acute diseases.
- l) What do you understand by Genus epidemicus?
- m) Define alternating disease.
- n) What is theoretic medicine?
- o) Define homoeopathic aggravation.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Totality of Symptoms.
- b) Inappropriately named chronic diseases.
- c) Indisposition.
- d) Unprejudiced Observer.
- e) Suspended Animation.
- f) Knowledge of disease.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Explain Homoeopathic view of Specific remedy.
- b) Mesmerism.
- c) Explain indication of imperfect remedy.
- d) Homoeopathic aggravation.
- e) Massage.
- f) What advise given by Dr. Hahnemann about external application?

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- a) Explain third point of business of Homoeopathic Physician.
- b) Mental Diseases.
- c) Alternating Diseases.
- d) One-sided Diseases.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define intermittent diseases. Add a note on its types & management.

[1 × 20 = 20]

6. Define drug proving and describe in details the do's and dont's of drug proving as mentioned by Dr. Hahnemann.

[1 × 20 = 20]

7. Describe in details about vital force in health, cure & recovery and add a note on its properties.

[1 × 20 = 20]

As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen) : [10 × 2 = 20]

- a) Pathognomic symptoms.
- b) Predisposition.
- c) Define lymphatic temperament.
- d) Law of Antipathy.
- e) Define artificial chronic diseases.
- f) Enumerate 5 consideration influencing choice of remedy.
- g) Define Indisposition.
- h) 4 manifestations of latent psora.
- i) 2 modalities of sycotic miasms.

- j) 5 symptoms of syphilis.
- k) What is therapeutic Nihilism?
- l) Define chemical antidote.
- m) Define life, health and disease.
- n) Hering's law of direction of cure.
- o) Define Deductive logic.

2. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Discuss the principle of chronic diseases according to Hahnemann.
- b) Criteria for selection of Potency according to Hahnemann.
- c) Scrofula and its miasmatic basis according to J.H Allen.
- d) Comment - Homoeopathy - A Science, according to S. Close.
- e) Similia similibus curentur. Discuss according to R. Hughes.
- f) What has homeopathy to offer the young man, according to H.A. Robert?

3. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Comment : Similarity between disease and drug action should be generic, specific and individual according to R. Hughes.
- b) Explain Sycosis over construction according to H.A. Robert.
- c) Comment Psora or deficiency according to H.A. Robert.
- d) Comment according to H.A. Robert : Modern medication and homoeopathic principle.
- e) Explain the doctrine of latency according to S. Close.
- f) 3 chronic misams have contagion in the form in which they exist at the time. Discuss according to Kent.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) What is theory of chronic diseases according to Dr. Hahnemann?
 - b) Comment : Miasm and their relation to abnormal growth according to J.H. Allen.
 - c) Explain Unity of medicine according to Stuart Close.
 - d) Explain different types of temperament according to H. Robert.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Explain The dose in drug proving, according to Carroll Dunham. [1 × 20 = 20]
6. Explain Idiosyncrasy according to J.H. Allen. [1 × 20 = 20]
7. Treatment of constitutional afflictions arising due to glandular dysfunction with constitutional Homoeopathic remedy. Explain by citing examples of various syndromes according to H.A. Robert. [1 × 20 = 20]

**Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
REPERTORY**

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen) : [10 × 2 = 20]
- a) What is word reportory means?
 - b) What is Keynote symptom?
 - c) What is mean by Clinical repertory?
 - d) Give four examples of mechanically aided repertory.
 - e) What is general symptom?
 - f) Define deductive logic with one example of repertory.
 - g) What is mean by cross reference?
 - h) Define hunting of rubric.
 - i) Define concordance repertory.

- j) What is repertorial syndrom?
- k) Define eliminating symptom.
- l) What is alphabetical repertory? Give two examples.
- m) Define Rubric and Sub Rubric.
- n) Give four examples of card repertory.
- o) Write any two objectives of case taking.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Compare Rubrics Buffoonery and Stupidity.
- b) Boger's Synoptic key.
- c) Intermittent fever.
- d) Compare and contrast rubrics - Complaining vs. Lamenting.
- e) Bell's Diarrhoea.
- f) Compare and contrast rubrics-Busy vs Industrious.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe theory of grand generalization.
- b) Explain casetaking in Unconscious patient.
- c) Describe Knerr's Concordance repertory.
- d) Explain in detail the plan and construction of synthesis repertory.
- e) What are the difficulties in taking chronic case?
- f) Explain in detail RADAR.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) Describe in detail the relation of Repertory with HMM and Organon of Medicine.
 - b) Write down the Methods and Techniques of Repertorization.
 - c) Describe the history and evolution of repertory.
 - d) Write down the classification of repertories in detail with two examples of each.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Describe history, Philosophy, Sources Plan and construction and scope of BBCR in detail. [1 × 20 = 20]
6. Describe TPB in respect of its History, Philosophy, Sources, Plan and Construction with scope in detail. [1 × 20 = 20]
7. Describe Kent's repertory with its History, Philosophical background, Sources Plan and Construction with its scope and limitation in detail. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
COMMUNITY MEDICINE

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Define Health by WHO.
- b) Explain Difference between Food additives and Food fortification.
- c) Rates and Ratios.
- d) Causative organism and Mode of transmission of Measles.
- e) Classification of Hypertension.
- f) Define Demography.
- g) Sources of Proteins.
- h) Essential Fattyacids.
- i) Mosquito borne diseases.

- j) What is GOBI?
- k) Write 3 signals of poor mental health.
- l) Define Communication.
- m) Functions of FAO (Food and Agricultural Organization).
- n) Epidemic, Endemic and Sporadic Diseases.
- o) Diseases Transmitted by rodents.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Agent Factors.
- b) Clinical features of Rheumatic Heart Disease.
- c) Hazards of Obesity.
- d) Sources of Water Supply.
- e) Overcrowding.
- f) Bore Hole Latrine.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Aims and uses of Epidemiology.
- b) Clinical features of Diphtheria.
- c) BCG Vaccine.
- d) Mode of transmission of Hepatitis B.
- e) Adulteration of Food.
- f) Work of World Health Organization.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) Define Coronary Heart Diseases, write Risk factors and Prevention.
 - b) What are Occupational Diseases? Write occupational Hazards of Agriculture Workers.
 - c) What are Contraceptive Methods? Write in detail about Barrier Methods.
 - d) Write Role of Homoeopathic Medicine as Preventive Medicine.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Write Dynamics of Disease Under following headings : [1 × 20 = 20]
- a) Source and Reservoir.
 - b) Mode of Transmission.
 - c) Incubation period and its importance.
 - d) Host factors.
6. Write Dengue Syndrome under : [1 × 20 = 20]
- a) Classical Dengue Fever.
 - b) Dengue hemorrhagic Fever.
 - c) Clinical and laboratory diagnosis.
 - d) Prevention and control.
7. Write Infant Mortality Rate Under : [1 × 20 = 20]
- a) Definition.
 - b) Causes.
 - c) Under Five Clinic.
 - d) Prevention and control of the same.

Fourth B.H.M.S. (2015) Examination, Winter - 2020
PRACTICE OF MEDICINE-I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (**any ten** out of fifteen) :

[10 × 2 = 20]

- a) Write two investigations for Asthama.
- b) Define haemoptysis and write two causes of it.
- c) Define constipation and give two causes.
- d) Define Pseudomyxoma peritonei.
- e) Define Malena and give its two causes.
- f) Mention four common causes of acute diarrhoeal disease.
- g) Mention four laboratory investigations for hepatic diseases.
- h) Write down types of Gall stones.
- i) Mention two homoeopathic remedies for Hepatitis.
- j) Write four clinical features of Acute Pancreatitis.
- k) Four causes of Hyperkalemia.
- l) Four oral manifestations of HIV.
- m) Name four agents causing Environmental Hazards.
- n) Define epidemic dropsy with two clinical features.
- o) Four common infections occurring due to AIDS.

2. Write short answer (any four out of six):
- Heat stroke.
 - Datura Poisoning.
 - Indications of Arsenic Album in Gastric ulcers.
 - Indications of Merc sol in Ulcerative colitis.
 - Pulmonary Embolism.
 - Causes of Hepatomegaly.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- Hepatitis C.
- Indications of Podophylum in Diarrhoea.
- Indications of Aesculus Hip in Lower gastrointestinal bleeding.
- Kaposi's Sarcoma.
- Indications of Arnica mont in Pulmonary embolism.
- Indications of Tuberculinum in Abdominal tuberculosis.

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- Write in detail about COPD and give indications of Lobelia and Stanum met in the same.
- Write indications of Cardus mar and Belladonna in Acute pancreatitis.
- Indications of Silicea and Hepar Sulph in Amoebic Liver Abscess
- Indications of Sulphur and Calcarea Carb in Candidiasis.

Long answer question (any one from Q. No. 5, 6 and 7)

- Explain in detail Bronchial asthma and elaborate Scope and limitations of homoeopathy and Chronic Prescribing in it. [1 × 20 = 20]
- Explain in detail Gastroesophageal Reflux Disease with Acute prescribing and Chronic prescribing. [1 × 20 = 20]
- Describe Cirrhosis^{ascitic} ascities with scope and limitation of homoeopathy and Auxillary and ancillary measures for it. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
PRACTICE OF MEDICINE - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (**any ten** out of fifteen) :

[10 × 2 = 20]

- a) Define Scurvy.
- b) Calcarea Phos in Rickets.
- c) Define Sickle cell anemia.
- d) Iodine in Thyroid disorders.
- e) Define Addison's disease.
- f) Define Anuria.
- g) Define unstable angina.
- h) Helleborus in Neurological complaints.
- i) Two indications of Belladonna in Headache.
- j) Two cardiac causes of chest pain.
- k) Two indications of Bryonia in Osteoarthritis.
- l) Two indications of Arnica in sprain.
- m) Define Gonorrhoea.
- n) Causative organism and incubation period of AIDS.
- o) Two indications of Sulphur in Skin complaints.

2. Write short answer (any four out of six): [4 × 5 = 20]
- Myasthenia gravis.
 - Tetralogy of Fallot.
 - Dermatitis.
 - Marasmus.
 - Schizophrenia.
 - Immunization Schedule.
3. Write short answer (any four out of six): [4 × 5 = 20]
- Indications of Nitric acid in UTI
 - Indications of Ferrum Met in Anaemia.
 - Indications of Urtica urens in Urticaria.
 - Indications of Graphitis in Psoriasis.
 - Indications of Chamomilla in Infantile Diarrhoea.
 - Indications Aconite in anxiety disorder.
4. Long answer question (any two out of four): [2 × 10 = 20]
- Write in detail about Renal calculus and its Homoeopathic management.
 - Write in detail about Hemolytic Anemia and indication of 2 Homoeopathic drugs.
 - Write in detail about Cellulitis and Homoeopathic management of the same.
 - Write in detail about Filariasis and Homoeopathic management of the same.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write in detail about Migraine and discuss its miasmatic heading with acute and chronic prescribing. [1 × 20 = 20]
6. Write in detail about Rheumatic heart disease with scope and limitations of homoeopathy and its Auxillary mode of treatment. [1 × 20 = 20]
7. Write in detail about Diabetes and write its homoeopathic scope and limitations and miasmatic heading. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
HOMOEOPATHIC MATERIA MEDICA - I

Total Duration: 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.

 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (**any ten out of fifteen**): [10 × 2 = 20]
- a) Write the source and common name of Antim. Crud.
 - b) Write 2 guiding symptoms of Bryonia alba.
 - c) Write Characteristics of Natrum Mur Tongue.
 - d) Write 2 remedies for Bad effects of Head Injury.
 - e) Write pulse of Digitalis.
 - f) Write weather modalities of Causticum.
 - g) Write names of 4 remedies from Loganiaceae family.
 - h) Write names of 2 remedies for 'Bad effects of vaccination'.
 - i) Write Respiratory complaints of Arum Triph.
 - j) Write names of 4 remedies from Ophidia group.
 - k) Describe Calcareo carb. Constitution.
 - l) Write indications of Crocus sativa in hemorrhage.
 - m) Write discharges of Euphrasia officinalis.
 - n) Write 2 modalities of Sulphur.
 - o) Describe Sepia constitution.

2. Write short answer (any four out of six):
- Describe modalities of Arsenicum alb.
 - Describe baby of Chamomilla.
 - Acid Phos. – Nervous exhaustion
 - Describe key note symptoms of Nux Vomica.
 - Describe Cuprum met. in Convulsions.
 - Describe Actea Spicata in Rheumatism

3. Write short answer (any four out of six): [4 × 5 = 20]

- Cannabis indica –Mental symptoms
- Describe rectal GIT complaints of Croton Tig.
- Describe efficacy of Verat. Alb. In cholera.
- Describe Calendula injury.
- Describe Graphites skin complaints.
- Describe urinary complaints of Cantherides.

4. Long answer question (any two out of four): [2 × 10 = 20]

- Compare and contrast abdominal colic of Mag. Phos. And Dioscorea Villosa.
- Compare and contrast Baryta carb. And Aethusa Cyn. in child complaints.
- Write in detail guiding symptoms of Staphysagria.
- Compare and contrast between Causticum and Gelsemium paralysis.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write detail drug picture of Sepia. [1 × 20 = 20]

6. Define 'Homocopathic materia medica'. Write in detail different types of materia medica with examples. [1 × 20 = 20]

7. Write in detail drug picture of Sulphur. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
HOMOEOPATHIC MATERIA MEDICA - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (**any ten** out of fifteen): [10 × 2 = 20]
- a) Write two indications of Variolinum in skin complaints.
 - b) Write two kenotes of Cedron in Fever.
 - c) Write two modalities of Sambucus Nigra.
 - d) Write toothache of Coffea cruda.
 - e) Write causations or Ailments from in Glonoine.
 - f) Write two guiding symptoms of Abrotanum.
 - g) Write important female symptoms of Lillium tigrinum.
 - h) Write two key notes of Collinsonia canadensis in haemorrhoids.
 - i) Write keynotes of Viburnum opulus.
 - j) Write characteristics of pain in Kalmia latifolia.
 - k) Write common name and family of Abies nigra.
 - l) Write cravings for Abies canadensis.
 - m) Write two keynotes of Antim Ars.
 - n) Write constitution of Iodium.
 - o) Write modalities of Mephitis.

2. Write short answer (any four out of six):
- Physical generals of *Lac caninum*.
 - Write chest complaints of *Ranunculus bulbosus*.
 - Write *Sanicula* baby.
 - Write *Trillium pendulum* female complaints.
 - Glandular affections of *Baryta muriatica*.
 - Guiding symptoms of *Vinca Minor*.
3. Write short answer (any four out of six): [4 × 5 = 20]
- Physical generals of *Helonias dioica*.
 - Describe Baby of *Rheum*.
 - Thyroid affections of *Thyroidinum*.
 - Guiding Indications of *Lithium Carb.*
 - Headache of *Melilotus*.
 - Respiratory complaints of *Sabadilla*.
4. Long answer question (any two out of four): [2 × 10 = 20]
- Compare and contrast heart complaints of *Adonis vernalis* and *crataegus*.
 - Compare and contrast respiratory complaints of *Antimonium arsenicosum* and *Asterias rubens*.
 - Compare and contrast Rheumatism of *Rhododendron* and *kalmia latifolia*.
 - Compare and contrast skin complaints of *radium bromatum* and *Mezereum*.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write in details drug picture of *Coffea cruda*. [1 × 20 = 20]
6. Write in details drug picture of *Mag Carb.* [1 × 20 = 20]
7. Write in details drug picture of *Merc Sol.* [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) State §26.
- b) State Ideal Cure.
- c) State the principle & discoverer of Antipathy.
- d) Define medicine.
- e) Who is the best prover & why?
- f) Classify acute diseases.
- g) What are miasms?
- h) What is theoretic medicine?
- i) Define exciting cause & give an example of the same.
- j) Define drug proving.
- k) Define idiosyncrasy.
- l) Define alternating diseases.
- m) State §1.
- n) Define Homoeopathic aggravation.
- o) What are inappropriately named chronic diseases?

44013A

2. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Suspended Animation.
- b) Indisposition.
- c) Isopathy.
- d) Modus Operandi of Cure.
- e) Preserver of Health.
- f) Unprejudiced Observer.

3. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Knowledge of disease.
- b) Brousseau's method.
- c) Mesmerism.
- d) Diet & Regimen during treatment of chronic disease.
- e) Treatment of One-sided diseases.
- f) Psora.

4. Long answer question (**any two** out of four):

[2 × 10 = 20]

- a) Intermittent diseases.
- b) Doctrine of simplex
- c) Susceptibility.
- d) Vital force.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Discuss in detail what happens when two dissimilar diseases meet together in a body?

[1 × 20 = 20]

6. Discuss in details primary action & secondary action along with examples.

[1 × 20 = 20]

7. Define mental diseases and discuss in details the types & management of the same.

[1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Sphere of action of syphilitic miasm
- b) Discharges of Sycotic miasm
- c) Heart symptoms of psora
- d) Constitution of tubercular miasm
- e) Give any 4 characteristics of Latent Psora
- f) Pathological aspect of syphilitic miasm
- g) Fig wart disease
- h) Spiritual sickness according to Dr. Kent
- i) Secondary sycosis according to Dr. Kent
- j) Rational medicine
- k) Medical sciolist
- l) Life- definition
- m) Vital energy
- n) Law of quality
- o) Instructions to Young homoeopathy by Dr. Roberts

2. Write short answer (**any four** out of six):
- Psora - Internal itch
 - Syphilis - chronic disease
 - General interpretations
 - Pseudo psora
 - 'The Organon' according to Richard Hughes
 - Vital energy in its universal application

3. Write short answer (**any four** out of six): [4 × 5 = 20]

- The selection of similar remedy
- Relation of bacteriology to homoeopathy - according to Stuart Close
- Psora-concept *Concept of life, health & disease*
- Temperaments
- Psora as deficiency
- Disease classification

4. Long answer question (**any two** out of four): [2 × 10 = 20]

- Describe psora according to Dr. Allen.
- Write in detail about sycosis - overconstruction according to Robert.
- Describe - Theory of chronic diseases
- Describe the scope of Homoeopathy.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Discuss The phenomenological point of view - According to Roberts.

[1 × 20 = 20]

6. Describe Homoeopathy the science of therapeutics according to Dr. Dunham.

[1 × 20 = 20]

7. Discuss the unity of medicine - according to Stuart Close. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
REPERTORY

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write short answer (**any ten** out of fifteen):

[10 × 2 = 20]

- a) Puritan group of repertory
- b) Give two examples of regional repertories
- c) Define logico-utilitarian repertory and give one example
- d) Diagnostic symptom
- e) Name two card repertories
- f) What is synthesis of rubric?
- g) Mechanical aided repertory
- h) Define subrubric
- i) Meaning of rubric covetus and gaiety
- j) What is mean by non repertorial totality?
- k) What do you mean by case taking?
- l) Meaning of word Repertorium
- m) State about importance of signs in repertorisation for selection of a remedy
- n) Post kentian repertory
- o) Eliminating symptoms

44014

2. Write short answer (any four out of six):

[4 × 5 = 20]

- Steps of Repertorization. The prescriber
- Explain general symptoms.
- Doctrine of symptoms.
- Repertory of antipsoric remedies.
- Describe Record keeping.
- Modification of rubric according to Kent.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- Write in detail about regional repertory.
- Bell's diarrhoea.
- Post-kentian repertories: *Describe Knerr's concordance rep Phatak rep.*
- Homopath software salient features.
- Write down the relationship of repertory with organon and materia medica in detail.
- Write down steps of repertorization

4. Long answer question (any two out of four):

[2 × 10 = 20]

- Knerr's concordance repertory.
- Difficulties in taking chronic case? How to overcome it.
- Describe Boger synoptic key.
- ~~Puritan group of repertories.~~ Adv. & limitation of rep.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Describe in detail philosophical background plan and construction with scope and limitation of BBCR. [1 × 20 = 20]

6. Describe in detail Evolution of homoeopathic repertories. [1 × 20 = 20]

7. Define case taking. Write concept of forming totality of symptoms in acute and chronic cases. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Winter - 2020
COMMUNITY MEDICINE

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

1. Write appropriate answers (**any ten** out of fifteen): [10 × 2 = 20]
- a) Spectrum of Disease
 - b) Mention Four Modes of Direct Transmission
 - c) Aims and Objectives of Screening
 - d) Transmission of Hepatitis C
 - e) Warning Signs of Cancer
 - f) What is Vision 2020?
 - g) What is Eligible couples?
 - h) Name 4 objectives of ANC.
 - i) Give sources and daily requirement of Vitamin C.
 - j) Break point of Chlorination.
 - k) Give any two engineering measures for prevention of Occupational Diseases.
 - l) Define Disaster and mention its types.
 - m) Name 4 Symptoms of Drug Addiction.
 - n) What is Pictogram?
 - o) Define Health Education.

2. Write short answer (**any four** out of six): [4 × 5 = 20]
- Discuss-Levels of Prevention.
 - Assessment of Obesity.
 - Mention and discuss various methods of Purification of Water on a small scale.
 - Principles of PHC.
 - Explain in detail about Dependence Producing Drug and its symptoms.
 - Define Screening and add a note on characteristics of Screening Test.
3. Write short answer (**any four** out of six): [4 × 5 = 20]
- Define Epidemiology and add a note on Short Term Fluctuations.
 - Agent, Host, Environment Factors of Dengue.
 - Discuss about Protein energy malnutrition.
 - Functions of Health Communications.
 - UNICEF.
 - Define Health Information and Give sources of Health Information.

LAQ (40 Marks)

4. Long answer question (**any two** out of four): [2 × 10 = 20]
- What is Ergonomics and Explain in detail about Pneumoconiosis.
 - Describe Prevention of Blindness and Explain National Programme for Control of Blindness.
 - Define family planning and Describe in detail Hormonal Contraceptives.
 - Explain in detail the Role of Homoeopathy in Prevention of Diseases.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Explain in detail Indicators of Health and add a note on Responsibility for Health. [1 × 20 = 20]
6. Describe Case Control Study and Cohort Study. [1 × 20 = 20]
7. Discuss Natural History of Tuberculosis and give Preventive Measures in Tuberculosis. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer - 2021

PRACTICE OF MEDICINE-I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) Define Bronchiectasis and mention two Homoeopathic remedies for the same.
 - b) Define Bronchial Asthma and mention two homoeopathic remedies for the same.
 - c) Define Diarrhoea and mention two homoeopathic remedies for it.
 - d) Write four clinical features of Spontaneous Bacterial Peritonitis.
 - e) Write four causes of Upper Gastro intestinal Bleeding.
 - f) Write four causes of Dysphagia.
 - g) Write four causes of Hepatitis.
 - h) Define Sarcoidosis.
 - i) Enumerate four Parasitic diseases of the Liver.
 - j) Four complications of Pancreatitis.
 - k) Write mode of transmission of HIV.
 - l) Define Hyponatremia and give its two clinical features.
 - m) Define lead poisoning with its two clinical features.
 - n) Write four skin manifestations of AIDS.
 - o) Write etiology of Hypothermia.

44011(A)

2. Write short answer (any four out of six):

[4 × 5 = 20]

- a) Electric Shock.
- b) Copper Poisoning.
- c) Indications of Lachesis in Dysphagia.
- d) Indications of Nux vomica in Irritable bowel disease.
- e) Haemochromatosis.
- f) Pleurisy.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- a) Indication of CROTALUS HORRIDUS in Hepatitis B.
- b) Indications of Opium in constipation.
- c) Indications of LACHESIS in Haemetemesis.
- d) Indications of Medorrhinum in Gonorrhoea.
- e) Indications of Hepar Sulph in Pneumonia.
- f) Plumbum Met in Acute Peritonitis.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- a) Indications of Bryonia alba and Kali Carb in Pleural effusion.
- b) Indications of Abies Can and Argentum Nitricum in Gastritis.
- c) Indications of Staphysagria and Lycopodium in Cholelithiasis.
- d) Indications of Hydrastis canadensis and Thuja in CA Pancreas.

Long answer question (any one from Q.No. 5, 6 and 7):

- 5. Explain in Detail Bronchial Asthma with its Miasmatic understanding and Acute Prescribing. [1 × 20 = 20]
- 6. Explain in detail Portal Hypertension with its Chronic Prescribing and Miasmatic Understanding. [1 × 20 = 20]
- 7. Explain in detail Diarrhoea and role of acute prescribing and auxillary and ancillary measures in it. [1 × 20 = 20]

PRACTICE OF MEDICINE-II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) Write two characteristic features of Rachitic Chest with two indicated remedies for Rickets.
 - b) Define Acute Intermittant Porphyria with two indicated remedies for it.
 - c) Define Idiopathic Thrombocytopenic Purpura with two indicated remedies for it.
 - d) Write two clinical features of Addison's Disease with two indications of Adrenalin.
 - e) Define Diabetic Ketoacidosis. Write two indications of Syzygium for Diabetes.
 - f) Write two post-renal causes of Acute Renal Failure with two indicated remedies for it.
 - g) What is Cardiac Tamponade ? Write two indications of Digitalis for it.
 - h) Classify Angina with two indicated remedies for it.
 - i) Give two causes of Epilepsy with two indicated remedies for it.
 - j) Define Vertigo with two indications of Gelsemium for it.

44011(B)

- k) What is "Bamboo Spine"? Write two indications of Bellis Per. for it.
l) Name two NUTRITIONAL DISEASES with two indicated remedies for it.
m) Write two clinical features of Primary Syphilis two indications of Mercurius for it.
n) Write two complications of Mumps with two indicated remedies for it
o) Write two cardinal features of Leprosy two indications of Hydrocotyle for it.
2. Write short answer (any four out of six): [4 × 5 = 20]
a) Tetralogy of Fallot - Clinical features and investigations.
b) Syncope.
c) Psoriatic Arthritis.
d) Beri Beri.
e) Depression.
f) Frailty.
3. Write short answer (any four out of six): [4 × 5 = 20]
a) Discuss Cretinism with Baryta Carb.
b) Discuss Renal Stone Disease with Berberis Vulgaris.
c) Discuss Typhoid Fever with Baptisia Tinctoria.
d) Discuss Eczema with Anacardium.
e) Discuss Diarrhoea in children with Chamomilla.
f) Discuss Mania with Stramonium.
4. Long answer question (any two out of four): [2 × 10 = 20]
a) Classify Anaemias. Write indications of China and Ferrum Met for anaemia.
b) Describe Acute Glomerulonephritis with two indicated remedies for it.
c) Describe in detail Measles with indications of Gelsemium and Ferrum Phos.
d) Discuss Lichen Planus in detail with two indicated remedies for it.
- Long answer question (any one from Q.No. 5, 6 and 7):
5. Discuss in detail Coma. Add a note on Glasgow Coma Scale. Discuss Scope and Limitations of Homoeopathy and Acute Prescribing for coma. [1 × 20 = 20]
6. Discuss aetiology and clinical features of Mitral Valve Diseases. Discuss Miasmatic Understanding and Auxillary mode of treatment for it. [1 × 20 = 20]
7. Discuss in detail Hyperthyroidism with Miasmatic Understanding and Acute Prescribing for the same. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer - 2021

HOMOEOPATHIC MATERIA MEDICA-I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) Write 2 aggravation modalities of Arsenicum alb.
 - b) Write Characteristics of Chelidonium tongue.
 - c) Write names of 2 remedies from Group "Sarcodes".
 - d) Write Characteristics of Leucorrhea of Pulsatilla.
 - e) Describe modalities of Dioscorea Vill. In Abdominal colic.
 - f) Write Names of 4 remedies from composite family.
 - g) Write common name and family of Ignatia Amara.
 - h) Write characteristics of Podophyllum diarrhoea.
 - i) Write names of 2 remedies from Spider group.
 - j) Write the source of the remedy 'Ambra grisea'.
 - k) Write names of 2 "painless" remedies.
 - l) Write Characteristics, sensations in Thuja Headache.
 - m) Write Four biochemic indications of Nat. sulph.
 - n) Write 2 keynote symptoms of Aloes socotrina in Haemorrhoides.
 - o) Write Thirst of Belladonna.

44012A

[4 × 5 = 20]

2. Write short answer (any four out of six):
- Write mental symptoms of Platina. (Platinum Met)
 - Aethusa Cynapium – Baby
 - Write about Selenium in impotency
 - Kreosote - in toothache.
 - Describe respiratory complaints of Arsenicum Iod.
 - Describe abdominal colic of Colocynth.

[4 × 5 = 20]

3. Write short answer (any four out of six):
- Describe Argenticum nit. Diarrhea
 - Write Belladonna Headache.
 - Describe respiratory complaints of Bromium.
 - Describe Stramonium mind.
 - Describe Ledum pal. In injury.
 - Describe Aconite in fever.

[2 × 10 = 20]

4. Long answer question (any two out of four):
- Compare and contrast Digitalis and Cactus in heart complaints.
 - Compare and contrast Urinary complaints of Cantherides and Apis Melifica.
 - Compare and Contrast Female genital Complaints of Alumina and Pulsatilla
 - Compare and contrast Sepia and Natrum mur. Lady.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write in detail drug picture of Nux vomica. [1 × 20 = 20]
6. Define 'Homoeopathic materia medica. Write in detail different sources of Homoeopathic materia medica. [1 × 20 = 20]
7. Write in brief symptoms of Ophidia group. Describe in detail drug picture of Lachesis. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer - 2021

HOMOEOPATHIC MATERIA MEDICA-II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Write common name of Mephites.
- b) Write Common name of Asterias Rubens.
- c) Write two limitations of H.M.M.
- d) Write two keynote of Physostigma.
- e) Write modalities of Argentum Met.
- f) Write two key notes of Merc Dulcis - Throat complaints.
- g) Write modalities of Medorrhinum in Dyspnoea.
- h) Write characteristics of Menses of Trillium Pendulum
- i) Write two guiding symptoms of Avena sativa.
- j) Write characteristics of Pulse in Pyrogenum.
- k) Write modalities of Iodum.
- l) Write source of remedy - "Variolinum".
- m) Write Common Name and family of Rumex Crispus.
- n) Write Two key note symptoms of Stannum met in Cough.
- o) Write Toothache of Mezerium.

44012(B)

[4 × 5 = 20]

2. Write short answer (any four out of six):

- a) Write modalities of Sabadilla.
- b) Baby of Rheum.
- c) Physical generals of Radium Bromatum.
- d) Guiding Symptoms of Fluoricum Acid.
- e) Joint complaints of Rhododendron.
- f) Headache of Glonine

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Rheumatism of Kalmia latifolium
- b) Modalities of causticum
- c) Adonis Vernalis - Heart complaints.
- d) Cholesterinum - Liver affections.
- e) Female complaints-Sabina
- f) Indication of Sabal Serrulata in Prostatic Troubles.

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- a) Compare and Contrast Lilium tig and Trillium Pendulum - Female complaints.
- b) Compare and Contrast Abrotanum and Iodum - Marasmus.
- c) Compare and Contrast Sambucus nigra and Mephites in Respiratory Complaints.
- d) Compare and Contrast Sanguinaria and Glonoine - Headache.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Define HMM? Mention different types of HMM. Describe Comparative Materia Medica in Detail.

[1 × 20 = 20]

6. Write in detail drug picture of Cuprum Met.

[1 × 20 = 20]

7. Write in detail Drug picture of Fluoric acid.

[1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer - 2021

ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY-I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) State the principle & discoverer of Isopathy.
 - b) Define maintaining cause & give an example of the same.
 - c) Define Ideal cure.
 - d) Define drug, medicine, remedy
 - e) Define epidemic diseases.
 - f) What do you understand by pass?
 - g) Define alternating diseases.
 - h) Define indisposition.
 - i) Define idiosyncrasy.
 - j) Define inappropriately named chronic diseases.
 - k) Define homoeopathic aggravation.
 - l) Low susceptibility.
 - m) Mention the types of acute miasms.
 - n) What is favourite medicine?
 - o) Routes of administration of drugs.

44013(A)

2. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Case taking in acute diseases
- b) Qualities of best prover
- c) The Dynamis.
- d) Enantiopathy.
- e) Superiority of Homoeopathic remedies over natural disease curing agents
- f) Genus epidemicus.

3. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Local diseases. Role of Local applications
- b) Brousseau's mode of treatment.
- c) Homoeopathic specific remedy
- d) Genuine medicine
- e) Suppression
- f) Features of syphilitic miasm

4. Long answer question (**any two** out of four) :

[2 × 10 = 20]

- a) What are remedy reactions? Describe various aggravation and its significance.
- b) Describe management of one sided diseases.
- c) Write in detail management of Mental diseases.
- d) Explain laws of Homoeopathy.

Long answer question (any one from Q. No. 5, 6 and 7)

- 5. Discuss primary and secondary action with types and examples. [1 × 20 = 20]
- 6. Discuss the qualities of physician and instructions given by Dr. Hahnemann to physician for case - taking of acute and chronic diseases. [1 × 20 = 20]
- 7. Discuss potentization with respect to definition, scale, its use and significance. What is New Method of Potentization given by Dr. Hahnemann in 6th edition of Organon of Medicine. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer - 2021

ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY-II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) What is medical sciolism?
- b) Mechanical antidote (define).
- c) Working principle of homoeopathy.
- d) Define Inductive logic.
- e) Tolle Causam.
- f) Modern suppressive agents.
- g) Scrofula.
- h) Law of Similia.
- i) Prima causa morbi.
- j) Mongrel sect.
- k) Who are sun worshippers?
- l) Skin symptoms of psora.
- m) Define homoeopathic city.
- n) Define acute disease.
- o) Define susceptibility.

44013(B)

2. Write short answer (any four out of six): [4 × 5 = 20]
- What are fundamental causes of diseases? Explain in detail according to Dr. Hahnemann.
 - Explain Idiosyncrasy according to J.H.Allen.
 - Homocopathy is both science and art. Comment according to S. Close.
 - Organon of Medicine according to R.Hughes.
 - Herings law of direction of cure. Explain with illustration according to H.A. Robert.
 - Write in detail about classification of Miasms according to Dr. Hahnemann.
3. Write short answer (any four out of six): [4 × 5 = 20]
- Explain cognates according to R.Hughes.
 - Comment on Modern medication and homoeopathic principles according to H.A. Robert.
 - Syphilis- A problem child-Explain according to H.A.Robert.
 - Explain vertigo of psora according to H.A.Robert.
 - Explain the toxicological theory of disease according to S.Close.
 - Write Kents concept of sycosis.
4. Long answer question (any two out of four): [2 × 10 = 20]
- Theory of chronic disease according to Dr. Hahnemann
 - Explain Chronic miasm and pseudopsora according to J.H. Allen.
 - Limitations of Homocopathy according to Dakes proposition stated by Stuart Close.
 - Explain temperament according to H.A.Robert.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write a short account on General Pathology of Homoeopathy according to S.Close under the following points. [1 × 20 = 20]
- Doctrine of latency
 - Metastasis
 - Relation of bacteriology to homoeopathy
 - Identity of psora and tuberculosis.
6. Explain how modern medication badly affects mankind according to H.A.Robert. [1 × 20 = 20]
7. Define psora and explain its manifestations according to Dr. Hahnemann. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer - 2021

REPERTORY

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen): [10 × 2 = 20]
- a) Define Case Taking
 - b) Importance of Paediatric case taking
 - c) Anamnesis
 - d) Define the concept of Totality according to Boenninghausen
 - e) Erecting a totality
 - f) Define Repertorization
 - g) Need for repertory
 - h) Modern method of repertorization
 - i) What is Logical Utilitarian repertories with 2 examples
 - j) Elimination process of repertorization
 - k) Symbols used in Knerr repertory
 - l) Name the sections of TPB
 - m) Name the Discharges chapters from Kent repertory
 - n) 4 Uses of Computer repertory
 - o) 4 Limitation of repertory

2. Write short answer (any four out of six):

[4 × 5 = 20]

- a) Bell's Diarrhoea
- b) RADAR Homoeopathic software
- c) Fever chapter from BBCR repertory
- d) Explain rubric Abandoned and Forsaken with 2 drugs each
- e) What is the difference between Affection and Affectation with 2 drugs each
- f) Explain rubrics Haughty and Pride with 2 drugs each

3. Write short answer (any four out of six):

[4 × 5 = 20]

- a) Analysis of a case
- b) Define Case taking and write down Objectives of case taking
- c) Synthesis of a case
- d) Berridge eye repertory
- e) Borlands Pneumonia
- f) Compare Synthesis and Complete repertory

4. Long answer question (any two out of four):

[2 × 10 = 20]

- a) Scope and limitation of repertories
- b) Methods of Repertorization
- c) Classification of repertories with example of each
- d) Relationship between Organon and Repertory

Long answer question (any one from Q. No. 5, 6 and 7)

5. Write BBCR repertory in details

[1 × 20 = 20]

6. Write in details Therapeutic Pocket book

[1 × 20 = 20]

7. Compare Kent and TPB under following points

[1 × 20 = 20]

- a. Philosophical background
- b. Arrangement of rubrics
- c. Special features
- d. Criticism

Fourth B.H.M.S. (2015) Examination, Summer - 2021

COMMUNITY MEDICINE

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

1. Write short answer (any ten out of fifteen):

[10 × 2 = 20]

- a) Germ Theory of Disease.
- b) Analytical Epidemiology.
- c) What is Lead Time.
- d) Any 4 Complications of Measles.
- e) Define Strokes and Give two types of Strokes.
- f) What is Vision 2020.
- g) What is Lippes Loop.
- h) Define Pre-Term Babies.
- i) What is Bitot's Spots?
- j) Effects of noise pollution.
- k) What is Bagassosis.
- l) What is Phenylketonuria.
- m) Define Drug And Drug Abuse.
- n) Components of Health Information System
- o) What is Audio-visual Aids

44015

[4 × 5 = 20]

2. Write short answer (any four out of six):

- a) Natural History of Disease.
- b) Assessment of Obesity.
- c) Modern sewage plant.
- d) Principles of PHC
- e) Discuss Agent Factors and symptoms of Drug Addiction
- f) Define screening and discuss in detail Uses of Screening

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Discuss in detail -Relation Between Prevalence and Incidence.
- b) Epidemiology of Leprosy.
- c) Define communication and barriers in communication in detail.
- d) Contents of health Education.
- e) UNICEF.
- f) Census

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- a) Explain in detail prevention of occupational diseases and also add a note on the Factory Act.
- b) Describe in detail Accidents and its risk factors.
- c) Explain in detail the Types of Contraceptive Methods.
- d) Describe role of Genus Epidemicus, and Constitutional Medicine in control of Diseases.

Long answer question (any one from Q. No. 5, 6 and 7)

- 5. Discuss Factors affecting Infant Mortality and add a note on preventive and social measures to reduce Infant Mortality Rate. **[1 × 20 = 20]**
- 6. Describe Case Control Study and Cohort Study. **[1 × 20 = 20]**
- 7. Describe in detail Epidemiological Determinants in Filariasis and add a note on National Filaria Control Programme. **[1 × 20 = 20]**

Fourth B.H.M.S.(2015) Examination (Phase-III) Winter - 2021
PRACTICE OF MEDICINE - I

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

2. Short Answer Questions (Solve any 4 Out of 6): [4 × 5 = 20]

- a) AIDS related complex (ARC)
- b) Down's syndrome
- c) Sleep Apnoea
- d) Hypothermia
- e) Cause of Hematemesis and Malaena
- f) Causes and clinical features of Hepatic Encephalopathy

3. Short Answer Questions (Solve any 4 out of 6) : [4 × 5 = 20]

- a) Indications of Opium in Constipation
- b) Indications of Aconite in Bronchopneumonia
- c) Indications of Hepar Sulph in Liver abscess

- d) Indications of Ant Tart in Bronchitis.
- e) Indications of Nat Carb in Sunstroke.
- f) Indications of Chelidonium in Hepatitis B.

4. Long Answer Questions 4 (Solve any 2 Out of 4): [2 × 10 = 20]

- a) Discuss Cholelithiasis with respect to clinical features, complications, miasmatic background and chronic prescribing

OR

- b) Discuss Irritable Bowel Syndrome with respect to causes and clinical features. Add note on miasmatic background
- c) Discuss Pneumonia with respect to Aetiology, clinical features, miasmatic background and indication of two homoeopathic drugs

OR

- d) Discuss in details Hepatitis B with respect to clinical features and complications with concept of susceptibility.

Long Answer Questions (5,6,7) (Solve any 1 Out of 3) : [1 × 20 = 20]

- 5. Discuss in detail Ulcerative Colitis with respect to clinical features, investigations, miasmatic understanding and scope and limitations.
- 6. Discuss in details Bronchial Asthma with respect to definition and types, Investigations in detail, scope and limitations, acute prescribing.
- 7. Discuss in details Ascites with respect to causes, symptoms and signs, acute prescription and auxiliary mode of treatment

Fourth B.H.M.S. (2015) Examination, (Phase - III) Winter - 2021
PRACTICE OF MEDICINE - II (Paper-II)

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank** portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

2. Short answer questions (**Solve any Four** out of six): [4 × 5 = 20]
- a) Psoriatic arthritis.
 - b) Ichthyosis.
 - c) Define and differentiate Marasmus and Kwashiorkor.
 - d) Cardiogenic shock.
 - e) Clinical features of parkinson's disease.
 - f) Mania.

3. Short answer questions (**Solve any four** out of six) : [4 × 5 = 20]
- a) Belladonna in measles.
 - b) Baryta carb in senile dementia.
 - c) Muratic acid in scurvy.
 - d) Lithium carb in Gout.
 - e) Cantharis in Urinary tract infection.
 - f) Ignatia in Hyperthyroidism.

4. Long answer questions (Solve any two out of four) : [2 × 10 = 20]

- a) Give classification of leprosy with clinical features of each.

OR

- b) Describe aplastic anaemia with its miasmatic background and auxillary mode of treatment.

- c) Describe clinical features of secondary syphilis with its miasmatic understanding.

OR

- d) Discuss causes of Nephrotic syndrome with indications of 2 homoeopathic drugs.

Long answer questions (5,6,7) (Solve any one out of three) : [1 × 20 = 20]

5. Discuss in detail epilepsy with respect to: classification, diagnosis, acute prescription and auxillary mode of treatment.
6. Discuss in detail angina pectoris with respect to :Types investigations, Acute prescription and miasmatic understanding.
7. Describe Addison's disease with respect to clinical features, Addisonian crisis, investigations, acute prescription and chronic prescription.

Fourth B.H.M.S. (2015) Examination (Phase-III) Winter - 2021
HOMOEOPATHIC MATERIA MEDICA - I
(Paper-I)

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion** of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

2. Short answer questions (Solve any 4 Out of 6) : [4 × 5 = 20]
- a) Describe the A/F and modalities of Dulcamara.
 - b) Describe the sources of Homoeopathic Materia Medica
 - c) Describe the guiding indications of Thuja Occidentalis.
 - d) Describe the indication of Gelsemium in Fever.
 - e) Write the Biochemic indications of Kali Mur.
 - f) Describe the indications of Hepar Sulph in Skin affections.
3. Short answer Questions (Solve any 4 Out of 6) : [4 × 5 = 20]
- a) Describe the Biochemic indications of Natrum Sulph.
 - b) Describe the indications of Sepia in female reproductive tract affections.
 - c) Describe the glandular affections of Conium Maculatum.
 - d) Describe the indications of Croton Tig in Diarrhoea.
 - e) Describe the characteristic guiding indications of Theridion.
 - f) Describe the A/F and modalities of Natrum Carb.

DAB012015402-P-1

4. Long Answer Questions (Solve any 2 out of 4) : [2 × 10 = 20]

- a) Compare and contrast indications of Digitalis and Cactus Grandiflorus in Heart affections.

~~OR~~

- b) Compare and contrast indications of Acetic Acid and Apocynum in dropsy.
c) Compare and contrast indications of Spongia and Drossera in cough.

~~OR~~

- d) Compare and contrast indications of Nux Vomica and Ipecac in Vomiting.

Long Answer Questions (5,6,7) (Solve any 1 out of 3) : [1 × 20 = 20]

5. Describe the characteristic group indications of Acid group of remedies. Write in detail the drug picture of Nitric Acid.
6. Define Homoeopathic Materia Medica. Describe in detail the scope and limitations of Homoeopathic Materia Medica.
7. Describe in detail the drug picture of Calcarea Carb.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

2. Short answer questions (Solve any 4 Out of 6)

[4 × 5 = 20]

- a) Describe the indications of Causticum in Paralysis.
- b) Describe the guiding indications of Coca.
- c) Write the ailments from and modalities of Rumex Crispus.
- d) Describe the indications of Millefolium in haemorrhages.
- e) Describe the mentals of Coffea Cruda.
- f) Describe the indications of Mag Carb in female reproductive tract affections.

3. Short answer questions (Solve any 4 out of 6): **[4 × 5 = 20]**

- a) Describe the mental symptoms of *Lac Caninum*.
- b) Describe the guiding indications of *Lyssin*.
- c) Describe indications of *Eupatorium Perfoliatum* in fever.
- d) Describe the rectal symptoms of *Collinsonia*.
- e) Describe the indications of *Merc Cyanatus* in throat affections.
- f) Describe the child of *Sanicula*.

4. Long Answer Questions (Solve any 2 out of 4) **[2 × 10 = 20]**

- a) Compare and contrast *Spigelia* and *Sanguinaria* in headache.

OR

- b) Compare and contrast convulsions of *Cuprum Met* and *Artemisia Vulgaris*.
- c) Compare and contrast indications of *Adonis Vernalis* and *Crataegus* in Cardiac affections.

OR

- d) Compare and contrast *Sabadilla* and *Sambucus* in upper respiratory tract affections.

Long Answer Questions (5,6,7) (Solve any 1 out of 3) **[1 × 20 = 20]**

- 5.** Describe in detail the drug picture of *Iodum*.
- 6.** Describe in detail the drug picture of *Medorrhinum*.
- 7.** Describe the group symptoms of *Magnesium* group of remedies. Describe in detail the drug picture of *Mag Carb*.

Fourth B.H.M.S. (2015) Examination (Phase - III) Winter - 2021
ORGANON OF MEDICINE AND HOMOEOPATHIC PHILOSOPHY - I
(Paper - I)

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) **Use a common answerbook for all sections.**

2. Short answer questions (Solve any 4 Out of 6) :- [4 × 5 = 20]

- a) Describe 'Unity of medicine' according to Stuart Close.
- b) State the mistakes made by a physician in curing chronic diseases according to Dr. Hahnemann.
- c) Discuss how 'Homoeopathy is a science of therapeutics' according to Carroll Dunham.
- d) Describe 'idiosyncrasy' according to Dr. J. H. Allen.
- e) Discuss the evolution and treatment of Syphilis according to Dr. Hahnemann.
- f) Describe the role of vital force in health, disease, recovery and cure according to Dr. Roberts.

3. Short answer questions (Solve Any 4 Out of 6) :- [4 × 5 = 20]
- ~~a)~~ Describe about the various 'temperaments' as described by Dr. Roberts.
 - ~~b)~~ Discuss about the 'disease and drug study in general' as stated by Dr. Kent.
 - c) Discuss the concept of 'alternation of remedies' according to Dr. Dunham.
 - d) Describe the concept of 'syphilitic stigma' according to Dr. Roberts.
 - ~~e)~~ Describe how Dr. Roberts has described 'Psora' as a deficiency.
 - ~~f)~~ Discuss the concept of 'potentiation and the infinitesimal dose' according to Dr. Close.

4. Long answer questions (Solve any 2 Out of 4) :- [2 × 10 = 20]

- a) Describe the various ways of suppression according to Dr. J. H. Allen.

OR

- b) Discuss the guidelines given by Dr. Hahnemann for treatment of Psora.
- c) Discuss the relationship of pathology and chronic miasms according to Dr. J. H. Allen.

OR

- d) Describe the skin symptoms of Latent Psora described by Dr. Hahnemann.

- Long answer questions (5,6,7)(Solve any 1 Out of 3) :- [1 × 20 = 20]

5. Discuss the guidelines given by Dr. Richard Hughes regarding administration of the similar remedy.
6. Describe how Homoeopathy is a 'Science' and 'Art' according to Dr. Kent.
7. Describe the 'mind' symptoms of 'Psora' according to Dr. J. H. Allen.

**Fourth B.H.M.S. (2015) Examination, (Phase - III) Winter - 2021
REPERTORY**

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

2. Short answer Questions (Solve any 4 Out of 6): [4 × 5 = 20]

- a) Compare and Contrast rubrics "Affection" and "Affectation" with 2 example of drugs.
- b) Compare and contrast rubrics "Absorbed" and "Absent minded" with 2 examples of drugs.
- c) Write briefly about concept of Totality according to Dr.Boger.
- d) Define Case Taking. Write in detail about Acute Case Taking.
- e) Explain in detail why there was Need for Repertory?
- f) Explain in detail Subjective and Objective symptoms.

3. Short answer questions (Solve any 4 out of 6): [4 × 5 = 20]
- a) Write in detail about Remedy Relationship chapter.
 - b) Explain the Modules given in Homopath Classic software.
 - c) Write in detail plan and construction of Pocket Manual of Homoeopathic Materia Medica with Repertory.
 - d) Write in detail plan and construction of "A Concise Repertory of Homoeopathic Medicines".
 - e) Explain different Methods of Record Keeping.
 - f) Write in detail about Prerequisite of Repertorisation.

4. Long Answer Questions (Solve any 2 out of 4): [2 × 10 = 20]
- a) Relationship between Organon and Repertory.

OR

- b) Enumerate and write in detail about Prescribing Symptoms.
- c) Define word Concordance. Explain in detail Gentry's Repertory.

OR

- d) Explain in detail difficulties in Chronic case taking.

- Long Answer Questions (5,6,7) (Solve any 1 out of 3): [1 × 20 = 20]

5. Compare Kent's Repertory and B.B.C.R. under following points:

- a) Philosophical background
- b) Arrangement of Rubrics
- c) Special Features
- d) Criticism

6. Write in detail about Classification of Repertories.

7. Write in detail about History and Evolution of Repertories.

Fourth B.H.M.S. (2015) Examination (Phase - III) Winter - 2021
COMMUNITY MEDICINE

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

 - 7) **Use** a common answerbook for **all** sections.

2. Short answer Questions (Solve any 4 Out of 6): [4 × 5 = 20]

- a) Elements and principles of Primary Health Care (PHC).
- b) Types and criteria for screening.
- c) Types and causes of mental illness.
- d) Causes and control of cancer.
- e) Effects of air pollution and it's preventive measures.
- f) Disease eradication.

DAB012015405

[4 × 5 = 20]

3. Short answer questions (Solve any 4 out of 6):

- a) Census and sample registration system (SRS).
- b) Functions of health communication.
- c) FAO.
- d) Endemic fluorosis and its prevention.
- e) Prevention of poliomyelitis.
- f) Immunization schedule.

4. Long Answer Questions (Solve any 2 out of 4):

[2 × 10 = 20]

- a) Define family planning. Write about Hormonal contraceptives, add note on MTP Act.

OR

- b) Role of Homeopathy in Community medicine.
- c) Coronary Heart disease (CHD).

OR

- d) Explain Pneumoconiosis and add note on ESI Act.

Long Answer Questions (5,6,7) (Solve any 1 out of 3):

[1 × 20 = 20]

- 5. Classify vitamins, write deficiency and sources. Add note on Community nutrition programme.
- 6. Write in detail about Early neonatal care. Add note on Breast feeding and Artificial feeding.
- 7. Write about Levels of prevention and Modes of Intervention.

Fourth B.H.M.S. (2015) Examination, (Phase - II) Summer - 2022
PRACTICE OF MEDICINE - I
(Paper - I)

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank** portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

2. Short Answer Question (Solve any 4 Out of 6):

[4 × 5 = 20]

- a) Causes and clinical features of Atopic Asthma.
- b) Zollinger Ellison Syndrome.
- c) Willson's Disease.
- d) Miliary Tuberculosis.
- e) Turner's syndrome.
- f) Frost bite.

3. Short Answer Question (Solve any 4 Out of 6): q_5 [4 × 5 = 20]

- a) Indications of Mercurius in autoimmune hepatitis.
- b) Indications of Nitric Acid in recurrent stomatitis.
- c) Indications of Cardus Mar in Biliary Colic.
- d) Indications of Bryonia in Pleurisy.
- e) Indications of Kali Bichromicum in Bronchiectasis.
- f) Indications of Glonoine for Heat Stroke.

4. Long Answer Question (Solve any 2 Out of 4): Q_4 [2 × 10 = 20]

- a) Discuss causes of Malabsorption with indications of Aloes Soc. and China off. for it.

OR

- b) Discuss types, clinical features of pneumonia with two indications of Antimonium Tart and Dulcamara for it.
- c) Discuss clinical features and complications of Acute Pancreatitis with indications of Belladonna and Conium for the same.

OR

- d) Discuss causes and complications of Lung Abscess with indications of Bacillinum and Hepar Sulph. for it.

Long Answer Question (any one from Q.No. 5, 6 and 7): [1 × 20 = 20]

- 5. Discuss in detail Pneumothorax with respect to causes, clinical features, acute prescription and scope and limitations of homoeopathy.
- 6. Discuss in detail Crohn's Disease with respect to clinical features, complications, miasmatic background and acute prescription.
- 7. Discuss in detail Cirrhosis of liver with respect to causes, clinical features, scope and limitations of homoeopathy and auxilliary management of the same.

Fourth B.H.M.S. (2015) Examination, (Phase - II) Summer - 2022
PRACTICE OF MEDICINE - II (Paper - II)

Total Duration : Section A + B = 3 Hours

Section B Marks : 80

SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.

 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** sections.

2. Short Answer Questions (Solve any 4 out of 6): [4 × 5 = 20]

- a) Causes of Acute Renal Failure.
- b) Write about Reactive Arthritis.
- c) Clinical Features of Anxiety Disorder.
- d) Clinical Features of disorders of Pigmentation.
- e) Clinical Features of Angina Pectoris.
- f) Causes of Infantile Diarrhoea.

3. Short Answer Questions (Solve any 4 out of 6): [4 × 5 = 20]

- a) Write indications of Phosphoric Acid for Diabetes Mellitus.
- b) Write indications of Mezereum in Herpes Zoster.
- c) Write indications of Colchicum in Gout.

- d) Write indications of Syphilinum in Obsessive Compulsive Disorder.
- e) Write indications of Berberis Vulgaris in Renal Calculi.
- f) Write indications of Calcarea Phos in Osteomalacia.

4. Long Answer Questions (Solve any 2 out of 4): [2 × 10 = 20]

- a) Write aetiology and Clinical features of Gonorrhea and give indications of Medorrhinum and Nitric Acid for it.

OR

- b) Write Clinical Features of Cholera and indications of Veratrum Alb. and Camphora for it.

- c) Write Causation and Clinical Features of Beriberi and indications of Calcarea Carb and Rhus Tox for it.

OR

- d) Write causes and clinical features of Iron Deficiency Anaemia and indications of Ferrum Met and Lachesis for it.

Long Answer Questions (Any one from Q.No. 5,6 and 7): [1 × 20 = 20]

- 5. Describe Epilepsy under following headings:

Types, Clinical features, Acute Prescribing and Scope and Limitations of Homoeopathy.

- 6. Describe Myocardial infarction under following headings:

Clinical Features, Investigations, Miasmatic understanding and Acute Prescribing.

- 7. Describe Dwarfism under following headings:

Causes, Clinical Features, Miasmatic understanding and Scope and limitations of Homoeopathy.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

2. Short answer questions: (Solve any 4 out of 6) : [4 × 5=20]

- a) Describe the biochemic indications of Mag Phos.
- b) Describe the urinary tract symptoms of Apis Mel.
- c) Describe in detail the mental symptoms of Pulsatilla.
- d) Describe the guiding indications of Cinchona Officinalis.
- e) Describe the A/F and modalities of Lycopodium.
- f) Describe the gastrointestinal symptoms of Nux Vomica.

3. Short answer questions (Solve any 4 out of 6) : [4 × 5 = 20]

- a) Describe the mental symptoms of Hyoscyamus Major.
- b) Describe the respiratory symptoms of Ammonium Carb.
- c) Describe the A/F and modalities of Ferrum Met.
- d) Describe indications of Kreosotum in female reproductive tract affections.
- e) Describe the child of Baryta Carb.
- f) Describe the constipation of Opium.

DAB012015402-P-1

4. Long answer questions: (Solve any 2 out of 4) : [2 × 10 = 20]

a) - Compare and contrast indications of Alumina and Borax in Leucorrhoea.

OR

b) Compare and contrast indications of Berberis vulgaris and Benzoic Acid in urinary tract affections.

c) Compare and contrast indications of Aconite and Gelsemium in fever.

OR

d) Compare and contrast indications of Hypericum and Ledum Pal in injury.

Long answer questions (Any one from Q.No. 5, 6 and 7) : [1 × 20 = 20]

5. Describe the group symptoms of Kali group of remedies. Describe in detail the drug picture of Kali Carb.

6. Define in details the drug picture of Ignatia.

7. Describe in detail the drug picture of Argentum Nitricum.

[4 × 5 = 20]

Short answer questions: (Solve any 4 out of 6) :

- Describe the dynamic indications of Lag Phos.
- Describe the urinary tract symptoms of Spis Mel.
- Describe in detail the mental symptoms of Pulsatilla.
- Describe the guiding indication of Cinchona Officinalis.
- Describe the A/F and modalities of Equisetum.
- Describe the gastrointestinal symptoms of Nux / omica.

[4 × 5 = 20]

Short answer questions (Solve any 4 out of 6) :

- Describe the mental symptoms of Hyoscyamus Major.
- Describe the respiratory symptoms of Ammonium Carb.
- Describe the A/F and modalities of Ferrum Met.
- Describe indications of Kresosolium in female reproductive tract affections.
- Describe the indications of Ixodia Cera.
- Describe the constitution of Onon.
